

CERTIFIED COLLISION CENTER

Follow these steps in the event that you are involved in a car accident:

- Move vehicles to the side of the road, if possible
- Check all drivers and passengers for injuries, getting medical attention for anyone who requires it
- Call 911 if immediate emergency assistance is required
- Take photos of all vehicles involved in the accident
- Exchange driver information
- Get contact information from witnesses, if possible
- Inform your insurance company

Remember to let your insurance company know that you would like your vehicle repaired at a Lexus Certified Collision Center. Highly specialized technicians will restore your Lexus to factory standards using only Lexus Genuine Parts.
